Figure S2. A gallery of images from which the two-dimensional images shown in Fig. 1C-E of the paper have been generated. (A) A gallery of images corresponding to side views of the CCT:εAD1 complex (B) A gallery of images corresponding to end-on views of a complex between CCT and the anti-CCTε εAD1 monoclonal antibody. (C) A gallery of images corresponding to end-on views of the complex formed between CCT, the Fab fragment of the anti-CCTε εAD1 monoclonal antibody, and the anti-CCTδ 8g monoclonal antibody.
